Rural Fire Co-op Sets Share Value At $45

A new value of $45 was set on shares of the Vulcan Rural Fire Protection Co-operative at its annual meeting held Monday night and attended by a representative group of 30 farmers. Original shares were set and sold at $35 per share for the first six months of the Co-op's operation, then raised to $70 for non-members. It was felt the $45 would provide an equitable figure for members against non-members wishing to join. The $10 increase represents the 1961 assessment for present members necessitated by the bank loan on the new pumper coming due. Any shareholders who have paid the 1961 assessment have a share value of the full $45 should they leave the district or wish to redeem them. Applications for this revised share value will be sent to Coop officials in Edmonton for ratification.

In regard to the 1961 assessment of $10, it is the result of too low an original share value and is being applied to the 229 members to take care of the balance necessary to make final payment of the bank loan of $3,000. The directors pointed out this is not lost money but is redeemable as an increased share value. First notices regarding the assessment were sent out on Nov. 24, 1961, and all but 84 members have paid. Another notice explaining the situation will be sent out to deliquent members giving them a 90-day period to look after this commitment. Those not complying with this decision may be subject to loss of membership privileges and should they have a farm fire which the rural pumper is called they will be treated as a non-member and assessed the usual cost of $250.

Assessment for the year 1962 was set at $2 per share. This figure is based by provincial authorities as average operating costs on an "assumed" number of fires in a district each year.

The 1961 board of directors was returned for another year. They are Howard Spaeth, president; Bob Jamison, secretary and members Howard Burrell, Lawrence Orchard, Bob McFadden, and Vulcan fire-chief Bob Johnston. Town representative is councillor Frank Burchak.

Complete satisfaction was expressed by the meeting regarding the co-operation of the town fire crew in care and maintenance of the rural pumper. It is stationed in the town Fire Hall and acts as a second pumper on town calls.

A list of members who will take a brief fire safety and instruction course, was compiled. This course will begin Monday, Jan. 29 at the Fire Hall beginning at 8:00 p.m. is open to all members and is being sponsored by the Town. Instruction will be by members of the Vulcan brigade under Bob Johnston and five sessions of over two hours are anticipated.

Under Co-op legislation members not assuming their financial responsibility can lose their share. Members felt such action would not be necessary in this instance.

On its way to the Southern Alberta District Playdowns this weekend is the Don Houlton rink of Vulcan, winner in local district playdowns. Standing behind coach Gordon Prusky from left to right are Gary Beagle, Wayne Christie, Allan Deal and Don Houlton.

16 Rinks Compete

Vulcan Rink Wins District H. School Curling Playdown

Six Vulcan County Schools entered the Taylor, Pearson and Carson curling playdowns at Vulcan, Jan. 13 and 14, with Vulcan winning the A Section and Milo taking the B section. It was a close race between Vulcan and Milo with Milo being forced to the B section. Both teams took their section in three straight wins.

Other teams entered were Lomond, Mossleigh, Blackie and Champion.

Very close games were recorded by Blackie and Champion with Gary Schneider from Champion winning the right to play Vulcan in the A section. That final game was also tied up coming home but Don Houlton pulled off a key shot to win. Another very close game was chalked up in the first go-round between A and B sections. It was an extra end game but Wally Anderson came through to win.

In the second go round final Don Houlton's Vulcan crew proved the stronger. With Don were Allan Deal, third, Wayne Christie, second, and Gary Beagle, lead. The latter two shotmakers are from Mossleigh.

This rink goes on to play in the Southern Alberta District Playdowns in Calgary, on Jan. 25, 26 and 27.

Jr. Hockey Organized

All paths lead to the Vulcan Arena these days where hockey ranging from Pee Wee class to the seniors is creating more interest than has been the case for many years.

The junior Flyers started the action some weeks ago when they organized and went out looking for support. Last Friday night they won over Milo 5-3 on home ice ,on Sunday a pick-up group of seniors met a Calgary Comercial league team, and this week saw swarms of young fry take to the ice, on Sunday a pick-up group of

The outcome of all this fresh ice activity was a meeting of interested adults Tuesday night at which the Vulcan and District Junior Hockey Association was formed. This association consists of a group of men organized to band together the complete hockey movement from age 15 down, set up ice schedules which will not conflict with senior use or public skating and to generally supervise and attempt to make successful the revival of this winter sport for the youngsters.

President of the association is Harris Matlock with Gordon Brown as secretary-treasurer. The executive consists of A. H. Collier, John Wolfe, Montie Findlay and Don Green. On the Board of Directors are coaches Bud Johnston, Harry Stoddard, and R. Schmidek and team managers Morley Scobie, Harold Fox and Bob Johnston.

Under the supervision of this body come about seventy boys who will be classified into three age groups with a team for each.

Practice times will be assigned each group and for the balance of the year exhibition games will be held with other communities.

The boys are partially equipped but with the sudden influx of so many Pee-wees, sticks and pucks will be in short supply. With this in mind the adult group have named Gordon Brown to receive any help which may be forthcoming from the general public.

About 60 Pee-wees responded to the trial practice held by Harold Fox and Harry Stoddard at 5:00 o'clock one afternoon this week and it took three hours to wear the young fry down to the stage where they'd go home. This interest and the general enthusiasm of all the age groups has been partially responsible for the formation of the parent body.

In the Friday night 5-3 win by the Flyers over Milo, Charles Ray led Vulcan scoring with two goals followed by singles from Gary Schuler, Doug Scott and Dale Lebsack. Scoring for the visitors was Leonard Peterson with a pair of goals and Leonard McCord with one goal.

The three stars were Charlie Ray and Doug Scott of Vulcan and Leonard Peterson of Milo.

More Lands Listed for PFA Payments

Another listing of farm lands eligible for PFA acreage payments has been received at the County office. Farmers whose crop land last year produced less than eight bushels per acre will receive payments under the Prairie Farm Assistance Act of from $2 to $4 per acres, depending on the category, for half their cultivated acreage up to a maximum of 200 acres.

Category 5-8 ($2.00 per acre)—

All of Twp. 14-22-4 except Sec. 30; all Twp. 14-23-4 except Secs. 6, 12 and 18; all Twp. 14-24-4 except Secs. 13 and 22; all Twp. 15-24-4; Secs. 1, 4, 7, 8, 10, 11, 16 to 19 incl., 21 to 25 incl., 29 to 31 incl. and 33 to 36 incl. in Twp. 13-24-4; Secs. 1, 2, 7, 10, 12 to 20 incl. and 22 to 36 incl. in Twp. 15-25-4; Secs. 1 to 6 incl., 8 to 14 incl., 16 to 18 incl., 20, 21, 23 to 26 incl., 29, 30, 32, 33, 35 and 36 in Twp. 16-24-4; Secs. 1 to 8 incl., 10, 11, 13, 14, 17, 18, 20, 21, 23, 26, 27, 28, 29 and 35 in Twp. 16-25-4.

Delegation To Ottawa

County Expresses Interest In Acquiring Airport

At the regular meeting of the County of Vulcan Council, held Jan. 19, Mayor Morrison and Councillor Ness of the Town of Vulcan were present for an interview with the county councillors regarding the Vulcan Airport, which is up for disposal by the Crown Assets Disposal Corporation.

Both the County and Town have expressed interest in acquiring the property, which consists of the runways, seven large hangars and a few smaller buildings, situated on a section of land about seven miles south-west of Vulcan.

The County Council felt that some effort should be made to acquire this property as housing for some of its services and to make the runways available to aircraft used for weed and grasshopper spraying.

Councillors Jack Deitz and J. M. McKay and Secretary-treasurer D. D. McQueen were appointed as delegates to interview the proper authorities in Ottawa and Dr. L. E. Kindt, M.P., was asked to advise and assist in presenting the proposal to the federal government.

Also dealt with at the meeting was a letter from the Communal Property Control Board advising of the hearing in Vulcan on Feb. 21, with regard to the Hutterite application to purchase lands near Vulcan for the establishment of a new colony and a letter from the secretary of the Vulcan committee appointed to oppose the establishment of the colony.

An application to make the high school auditorium available for the hearing on Feb. 21, was granted and a motion was passed to support the preparation of a brief setting out the effect the establishment of another Hutterite colony would have on the County school system.

Annual Golf Club Meeting On Friday

Business at the annual meeting of the Vulcan Golf and Country Club this Friday night will see considerable discussion revolve around finances, with a possibility of a raise in annual dues once again before the membership.

In view of the condition of the fairways, resulting from last year's dry summer, the executive feel serious thought must be given to a major expenditure to provide a watering system for the course to augment the natural rainfall and provide moisture during peak dry periods of the summer. The most plausible, though quite expensive, idea considered so far is the installation of several wells, already located, from which water could be pumped to a huge dug-out and from there over the course by an irrigation sprinkler system. Cost of such a project have been estimated at between $5,000 and $7,000.

A big attraction at the annual meeting will be the showing of colored films of the 1961 Canadian Open Golf finals.

Don't critize the work of others unless you want to do the work of others.

Inventions in this old world are coming so fast that the ladder to success may soon be replaced by an escalator.

Hearing Changed To Auditorium

Permission has been obtained from the Communal Property Control Board and the County School Committee to hold the scheduled hearing at Vulcan on Wednesday, Feb. 21, at the High School Auditorium rather than at the Vulcan Lodge Hall.

The hearing is to receive briefs and evidence regarding the application of the Miami Hutterian Brethren of New Dayton to purchase 6,560 acres of land south-west of Vulcan for the establishment of a new colony.

Due to the great interest in this matter and the anticipated large crowd expected to attend the hearing, it was considered advisable by the recently elected Vulcan Committee to secure the use of the auditorium rather than the comparatively small Lodge Hall. The hearing is to start at 1:30 p.m.

Set Dates For Fish & Game Banquet and "Kids' Night"

The date for the annual banquet of the Vulcan and District Fish and Game Association is rolling around again. This year it is set for Friday, March 2 in the Vulcan Cafe. Banquet preparation was part of the agenda for the week-end executive meeting of the Fish & Game.

Engraved trophies will be given on this occasion to winners of the pheasant, duck, goose, fish and big game competitions as a highlight of a program filled with guest speakers, popular colored outdoor films, committee reports and a variety of entertaining features.

Local 1961 Association membership stands at 234 and a crowd in excess of last year's 160 is anticipated for this supper and program.

Another Fish & Game project being tried this year in hopes of it becoming an annual event is Kid's Night, set for Friday, Feb. 16, in the Vulcan Cafe. This is open to all but particular program emphasis will be placed on the junior age. This is a night designed to demonstrate a principal ideal of the Fish & Game movement, to give the youngsters an awareness, through colored films, discussions and demonstrations by senior members, of the heritage that is theirs to grow into and help them through this education to protect that interest in the living resources to be found in this country.

Of interest to youngsters and adults are three colored films to be shown. They are "Wildlife in The Rockies", "Your Forest Heritage", and "Portage To Alaska".

The latter film was shown locally before and was recommended for a second appearance as a "must".

To close the evening it is planned to have an unlimited supply of pop and hotdogs lined up for the guests.

This night is open to any youngster whether member or non-member of the Fish & Game Association.

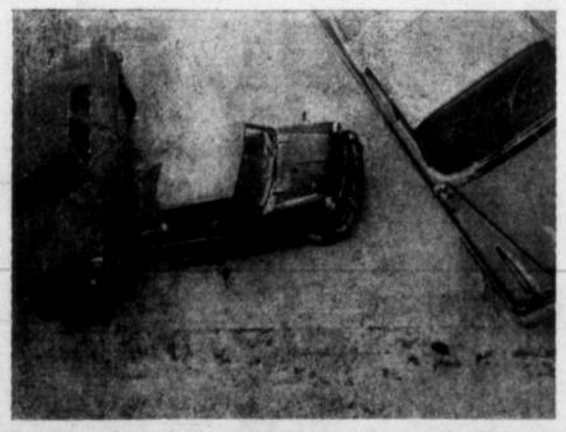
Attending the annual Fish & Game convention to be held in Red Deer Feb. 1, 2, and 3 will be president Bill Holton and vice-president, Glen Dahl.

Curlers Active In Bonspiels

The two Vulcan entries in the Foothills Bonspiel held last week at Stavely each managed to win an event. The John Wolfe rink of V. Haga, F. Fletcher and H. Mensinger won the Second Event and also another prize. Howard Spaeth's foursome of I. Haga, R. Deal and O. Webb won top honors in the Sixth Event.

Harris Matlock's Legion rink of Ray Wellman, Gale Atkinson and Carson McKay advanced to the district playoffs at Fort Macleod on Feb. 11, when they won the Legion Zone Playoff at High River last week.

Four Vulcan rinks entered the local Brier elimination and after Sunday's three rounds the John Wolfe rink of V. Haga, M. Jordan and M. Jantzie were A Event winners an dthe quartet of Ray Wellman, G. Atkinson, G. Graham and B .Drummond were B Event winners. These two rinks will meet later in the week to decide Vulcan's Brier representative in next Sunday's District Playdowns to be held in Vulcan. The other two local entrants were skipped by H. Spaeth and D. Watson.



To the owner of this petite Prinz shown above in a most awkward position, crammed between two standard boats, the old bit about a rose between two thorns might apply. How did it get into this jamb? One source claims a man in street-side conversation leaned against the fender as it faced the curb.

Mr. and Mrs. Ross Clark Celebrate 50th Anniversary

Some 50 friends and relatives of Mr. and Mrs. Ross Clark gathered at the Vulcan Cafe, Sunday Jan. 14, to help them celebrate their golden wedding anniversary.

Dale Clark, a grandson of the honored couple, was master of ceremonies for the occasion, while Mrs. Frieda McRoberts asked the blessing.

A three-tiered wedding cake made by Mrs. Jim Clark centered the dinner table, and shared decoration honors a huge bouquet of golden 'mums from the family.

The toast to the bride and groom of half a century ago was proposed by Merle Smith and ably responded to by Jim Clark on behalf of his parents. A toast to guests who had already observed their 50th anniversary was offered and most appropriately replied to by G. C. Collier.

Carol McAskile and David Clark, grandchildren of the happy couple served the wedding cake. Jim Clark, whose birthday occurs on Jan. 16 was presented with a beautifully decorated cake and guests joined in singing "Happy Birthday".

Chester Rea on behalf of relatives and friends presented Mr. and Mrs. Clark with a lovely mantle clock.

Merle Smith led in the singing of "Down by the Old Millstrean" and "Let Me Call You -Sweet heart", two of the Clarks' favorite songs.

Rev. D. K. Allen, first resident minister of Vulcan in 1912, married the Clarks at the home of Mrs. Clark's parents, Mr. and Mrs. Stephen Forrester of the Boyne district. The young couple left immediately for Iowa, where they resided for 17 years at Lake City. In 1928 the Clarks returned here and have lived on their farm and in town since then.

They have one son, Jim of Vulcan; two daughters, Mrs. Clifford McAskile also of Vulcan and Mrs. Don Williams of Trail, B.C. There are also six grandchildren.

Out-of-town guests at the reception were Mr. and Mrs. Dale Clark, Miss Donna Bittorf, Allen McAskile, and Mr. and Mrs. George Pearce all of Calgary, and Mr. and Mrs. Irvin Kunkel of High River.

Charles L. Johnston appointed Chief of Land Division, P.F.R.A.

CHARLES L. JOHNSTON

REGINA.—Charles L. Johnston of 4113-19th Ave., Regina, has been appointed Chief of the Land Division of the Prairie Farm Rehabilitation Administration. The appointment has been announced by the Director of P.F.R.A., Mr. G. L. MacKenzie. Mr. Johnston, who joined the Federal Government organization in July 1954, succeeds Mr. George Simpson, who retired recently.

Mr. Johnston graduated in Agriculture from the University of Manitoba in 1932. He then took a position on the staff of the University where he was involved in research work. In 1941, he received his Master's Degree, and went to work for the Hudson's Bay Company in the Land Department. He joined P.F.R.A. as a Land Appraiser in 1954.

Mr. Johnston was raised on a farm in the Brownlee district of Saskatchewan, and received his High School education in Moose Jaw. He also attended Normal School there. He is married and has two children.

Various organizations claim him as member. He is a past executive member of the Regina Chapter of the Appraisal Institute of Canada, and a member of the Agricultural Institute of Canada, the Saskatchewan Institute of Agrologists, and the Professional Institute of Public Service of Canada.

In his new position with P.F.R.A., Mr. Johnston will be in charge of the appraisal and acquisition of land required for the establishment of projects to be constructed by P.F.R.A. in the three prairie provinces. He will make his headquarters in the Motherwell Building in Regina.

Lomond Pioneer Honored

Mrs. Mary Little celebrated her 90th birthday at Willow Creek Auxiliary Hospital Tuesday, Jan. 9, and a happy celebration it was. In the afternoon her daughter, Mrs. Dewilla Anderson, Calgary; a son and daughter-in-law, Mr. and Mrs. Jay Little, Stavely, and other relatives and friends came. In the evening, another son, Frank, of Champion arrived.

For her birthday Mrs. Little received a lovely rose corsage and a basket of giant chrysanthemums.

Two birthday cakes featured the lunch which all the patients and visitors enjoyed. Afterward, with spirited accompaniment, an hour's community singing was enjoyed.

Mrs. Little was born in Marshall, Wisc., and came to Canada from Garrison, N.D., in 1809. With her husband, the late A. C. Little, she homesteaded in the Lomond district. In 1923 she came to Stavely and lived there until retiring to Champion in 1942.

Mrs. Little had lived in Calgary for the past seven years and came to the Willow Creek Auxiliary Hospital, Dec. 28, 1961.

Mrs. Little has one daughter, Mrs. Dewilla Anderson, Calgary; three sons— Jay, Stavely; Frank, Champion, and Roy, Stavely. Mrs. Little has 12 grandchildren and 25 great grandchildren.

George Hart is new Administrator for the South Saskatchewan Dam

REGINA. — The Director of the Prairie Farm Rehabilitation Administration, Mr. G. L. MacKenzie, has announced the appointment of Mr. George Hart of Vauxhall, Alberta to the position of Administrator for the South Saskatchewan River Dam with headquarters in Regina. Mr. Hart replaces Mr. Grant Wagner who recently resigned from P.F.R.A. to accept a new position with the Department of Northern Affairs and National Resources.

GEORGE HART

Mr. Hart has been with the P.F.R.A. for the past 12 years, having spent three and a half years in the Lethbridge office as a land purchaser. From there he went to the Vauxhall office as Land Administrator on the Hays resettlement project.

Mr. Hart was born at Landis, Saskatchewan, and there received his early education. From 1940 to 1945 he was in the R.C.A.F. Upon leaving the services, he attended the University of Saskatchewan where he obtained his degree in Agriculture.

Mr. Hart is married and has three sons. He is a Past Deputy Governor of the Kinsmen Club, and is a member of the Alberta Institute of Agrologists, and the Agriculture Institute of Canada.

1961 Water, Sewer Installation Highlights Good Year At Milo

The past year was one of progress for the village of Milo, with the main accomplishment being the installation of water and sewer systems in this little but lively community located about one mile east of the north end of Lake McGregor.

The council is composed of R. O. Bertrand, mayor; Carl Johnson, deputy-mayor, and Bud Byers, councillors, with Evan Beechman the secretary-treasurer. They are justly proud of the fact that Milo now has modern water and sewer facilities. The progressive attitude of the village council and the other residents of Milo is responsible, for Milo, with a population of just 150, is the smallest community in Alberta to install such a water and sewer system.

Proximity of the village to Lake McGregor was the determining factor, for the lake provides a large and unfailing source of excellent water and plans drawn up by the engineering firm of Haddin, Davis & Brown Ltd. showed that pump stations, pipeline, storage reservoir and distribution system could be installed at a cost of $93,000. The Alberta Municipal Finance Corporation agreed to lend the village $83,000 and a surplus of $10,000 accumulated by the village over the years made up the difference.

On a referendum, the vote showed 98% of the village taxpayers in favor of the water-sewer project. The Municipal Finance Corporation loan is repayable over a 25-year period, and costs levied to meet the annual payment include a frontage tax of 21.5 cents per foot for sewer and 32.2 cents per foot for water. Added to this the rate for water is $5.75 per month and for sewerage 80 cents per month. Total costt for a dwelling or business place on a 50 ft. is $8.77 per month. Formerly, water was hauled to the village at the rate of $6.00 per 1000 gallons, so there was little doubt about the desirability, both convenience-wise and cost-wise, of proceeding with the project.

Repayment of the loan was based on an estimate of 43 services plus frontage tax. At the present time, 44 services are in operation, with every prospect of the number increasing to 50.

Conacher Construction Co. Ltd. was awarded the contract at $88,296 and work got under way in the spring and was completed by fall. Primary source of supply is the lake, with water running by gravity to a well located 150 feet from the lakeshore. This well is of a depth that will assure a constant supply of water despite any variation in the lake level. From the well the water is pumped to a double open reservoir just west of the village, holding one and a quarter million gallons. From the reservoir it flows by gravity to another well, from which it is pumped into a 1000-gallon pressure tank and distributed throughout the village. Consumption is based on the figure of 100 gallons per day per person.

The village, located on a gentle slope with a 47-foot drop from the schoolhouse to the east end, lends itself naturally to sewage disposal, with the terminus being an oxidation lagoon.

Two additional benefits of the new water supply system are evident. An auxiliary pump is installed for fire fighting purposes and, secondly, good water is available to farmers at only $1.00 per thousand gallons.

Other projects completed by the community in 1961 help make Milo residents proud of their little town. A new village office was built and is available to groups and organizitions for small meetings and the IOOF hall has been completely modernized with the installation of water and sewer facilities.

The Alberta Government Recreation Grant of $1,500 was turned over to the Milo Recreation Centre and used for construction of a new dressing room and the installation of water and sewer facilities and a propane furnace. Finally, a road patrol was purchased to keep the gravelled streets in good condition.

Congratulations of the district are also extended to Garry Hill and his bride, the former Doreen Dalton of DelBonita on their recent marriage which took place in Lethbridge Dec. 29. They are holding a wedding dance in Mossleigh Jan. 26.

Dennie Tagen is home after spending a few days in the Vulcan hospital with the flu.

Mr. and Mrs. Ken McLean and Gordon were Monday business visitors to Lethbridge.

Mr. and Mrs. Frank Love and family motored to Calgary on Sunday to visit the former's father, Clifford Love, who is a patient in the Col. Belcher Hospital. They report he is feeling very well after his recent operation and hopes to be home very soon.

David Love shared his birthday cake with his cousins at the Bob McAskile home while in Calgary. George Gooch and Wm. McMullen were Monday business visitors to Iron Springs.

Gladys and Victor Rushfeldt and family have returned home after spending a couple of months at Guelph, Ont., at the home of Glady's parents, Mr. and Mrs. A. R. Mainland. While they were there Mr. Mainland suffered a severe stroke and had returned home before the Rushfeldt's left and appeared to be fully recovered.

Ruby and Frank Wyatt have returned home after a wonderful holiday in Hawaii. They went with the Hereford Association Tour and assure everyone that all the wonderful things you hear about Hawaii are true. Ruby even brought a couple of bouquets of flowers home with her and states that they are so different from anything here. While there they also visited with Dr. John Gooch who is a cousin of George Gooch of this district.

Archie Oldfield and Sandra were business visitors to Calgary last week.

The Albert Hellevang and Pat Laughlin's from Carseland and the Sidney Wyatt's from High River were Sunday visitors at the Frank Wyatts.

EASTWAY SOCIAL CLUB

The Eastway Social Club January meeting was held Jan. 11 at the home of Mrs. Gene McInenly.

The group discussed a party for a recent marriage in this district. Committees were arranged for lunch and a program. The date for the party was later set for Feb. 3. There was also discussion of the catering for the Lion's supper in Milo Jan. 17.

There was a large attendance and the roll call was answered by each lady either demonstrating the Twist or modelling her dress. Laura Gooch won the contest and Margaret Hill won the raffle. Mrs. McInenly and Mrs. Washburn and Mrs. Tharle served a delicious lunch.

F.U.A. MEETING

The Milo-Queenstown FUA local met Thursday Jan. 18 in Queenstown with 17 members present.

Strong protests were voiced regarding the establishment of another Hutterite colony in the county. An interesting and informative report was given of the convention in Edmonton which was attended by delegates Jack Bushell and Roy Page. A question period followed. The financial report was given by treasurer Bill Black. Auditors were appointed to audit the books. A motion was made to pay approximately 2% of the UFA Co-op dividends back to members starting with 1958.

The next meeting will be held in Milo on Feb. 15.

F. W. U. A. MEETING

The January meeting of the Milo-Queenstown FWUA was held on Jan. 18 at the home of Mrs. Leonard Vooys, with 10 members present.

Letters and cards from the Korean orphan were read. Mrs. Bob Scott and Mrs. George Heather agreed to take over the Sunshine Committee and asked that other members contact them as needed.

A motion was made to write to the premier again expressing the deep concern of this local over the governments apparent disregard of the problem facing future farming in southern Alberta by letting more Hutterite colonies become established without first enacting legislation which would improve education opportunities and development of industry by the colonies to lead to the eventual integration of these people.

The tea raffle was won by Mrs. Sandy Henry. Mrs. Sutherland led the group in singing "Happy Birthday" to Mrs. George Heather, following which a delicious lunch was served by the hostess with Mrs. Godkins assisting.

The next meeting will be held Feb. 19 at the home of Mrs. Jessie Umscheid.

SHOULDICE

Mr. and Mrs. Slim Sander and family motored to Beiseker to visit with Slim's parents.

Mr. and Mrs. Eli Holoboff celebrated their 50th wedding anniversary on Sunday Jan. 14 with relatives and friends attending.

New Post Office Not Needed

The federal government is, apparently, considering the idea of building a new post office building in Vulcan.

Quite a few new post offices have been constructed in this part of Alberta in the past two or three years and undoubtedly, in most cases were needed. The latest announcement concerns the awarding of a contract for a new post office building at Barons.

At Vulcan, however, present post office facilities are quite adequate. The building and interior facilities are modern in every respect and the location in the downtown area is most convenient for businessmen, residents and visitors.

No other suitable location for a post office is available in the main, four-block downtown business section at the price the department is willing to pay for the land, and we understand an option has been taken on a site out of the main business district.

The wishes of the people should be considered and expressions of opinion are overwhelmingly in favor of keeping the post office in the downtown area. If it is the department's firm policy to own rather than lease post office buildings, the present building could probably be bought from the owner. Certainly a change in location from the present to the proposed site would be most unsatisfactory.

Wheat Picture Changing

Things certainly can change quickly! It's not too long ago that we had wheat all over the place — the bins were overflowing, half the skating or curling rinks in the country were full of the stuff and it wasn't uncommon to see it simply piled on the ground in a field or farmyard.

But a couple of dry years with their reduced wheat yields and big export sales (particularly to Red China) have changed the picture. Now the talk is of open quotas on wheat and Agriculture Minister Hamilton is exhorting prairie farmers to grow more wheat instead of less.

Another dry year and average or below-average crop will see Canadian wheat stocks about as low as they can go without cutting down on exports. This, of course, could mean a higher price for wheat and no one will deny that this is overdue, because grain prices certainly haven't kept pace with the farmer's costs.

Of course, there's still lots of wheat and the United States can keep dumping it on the world market for quite a while before their surplus disappears, but at least the picture is different than it has been for the past ten years.

I would like to thank all my kind friends and neighbors for my lovely Birthday Party celebrated at the home of Rose and Floyd Howgon on Oct. 22, 1961, and a special thanks to all the children who came with their good wishes. For the flowers received that day and the beautiful orchid corsage from California. Special thanks to the Enchant Lutheran Church Group for their program and well remembered singing. Also to Mrs. F. Howg, Mrs. F. Stamp, Mrs. W. Brown and Mrs. J. Foreman for their kind help and all those who brought the sumptuous lunch. It was a beautiful day which I shall always cherish and remember and I look forward to seeing any and all of you from time to time. I also appreciated the cards and flowers received since leaving the farm. I will take this opportunity to wish each and everyone of you a Happy and Prosperous New Year. 25-1x
—Mrs. E. J. Cameron, Enchant.

Letters to the Editor

To the Editor of The Advocate,
Dear Sir,

As an interested citizen of Vulcan, I would like to state my opinion of the door-to-door salesmen, and others of similar category. In comparison with other towns, our required license fee for such salesmen is low. If we are proud of our town, and want Vulcan to be a bigger and better community in which to live, we must support our local merchants. How can we compete with door-to-door salesmen, when they are allowed into our town with such a low license fee?

I believe our town council should take immediate action and raise the amount of the license fee such that just any salesman would think twice before peddling his wares. Also — my opinion of the recent "so-called" Auction Sale was pure bribery to the public. Why should a group of persons be allowed to pass leaflets in the mail advertising an auction sale of items as a result of bankruptcy — then have the event turn out to be an evening of advertising for some out-of-town firm?

What are your opinions, fellow citizens? —An Interested Citizen.

Regular Meeting Ladies Auxiliary

The regular meeting of the Ladies Auxiliary to the Canadian Legion was held Wednesday, Jan. 17, in the Legion Hall. Mrs. Ruth Woodman, the newly elected president was in the chair and conducted the meeting, assisted by the secretary, Mrs. F. Standing.

Nine members answered roll call and two applications for membership were received. These applications were favorably voted on and the candidates will be notified to be present for initiation at the next meeting. Correspondence was light and routine. The sum of $10.00 was voted to the Woods Christian Home.

Plans are now underway for a bingo party to be sponsored by the Legion and Auxiliary in the near future. The auxiliary will hold another card party in the Legion Hall on Tuesday, Jan. 30.

Lunch was served by a committee to conclude the evening's program.

WSWS Hears Missionary Report

Mr. and Mrs. Lebsack were hosts to the Women's Society of World Service with 17 members present. The meeting was opened by Mrs. Lloyd Jones. Two hymns were sung after which Psalm 116 verses 13 and 14 were read and followed by the hymn, "Sweet Hour of Prayer'. Mrs. Jim McNiven, Mrs. Doug Stinson and Mrs. Eric Dermert led in a period of prayer. Mrs. Jones based her topic on "The Church and how important it is to attend regularly and serve unitedly",

A report was given on the visit with Mrs. Faulkner, of Gleichen. Her untiring missionary work among the Indians is most interesting and fruitful. The society is collecting old used cards, which have been requested by several missionaries. Mrs. John Fisher donated a box of repaired shoes and used clothing, which shall be sent to mission fields. Several letters from missionaries were read. Mrs. Helen Schierman distrbiuted literature regarding a "Drive for Greater fellowship and Lend a Hand'. The various secretaries gave their reports.

A limit of $1.50 was set to birthday gifts only for secret pals. Instead of a gift for Christmas an ofering was lifted and the money to be sent to Haitai.

The meeting was adjourned and a tasty lunch served by Mrs. H. Lebsack and Mrs. J. McNiven.

'Hopper Situation

(By Dr. D. S. Smith, Entomologist, Lethbridge Research Station)

Grasshoppers threaten a very large part of the agricultural area of Alberta south of a line drawn through Red Deer. The warm, dry weather of 1961 favored a further increase in the population, which has been building up steadily since 1957. The increase was most noticeable in the northern part of that area and iinvolved mainly the clear-winged grasshopper, Camnula pellucida. The total area threatened in 1962 is 24,090 square miles, an increase of one-third over last year. Of this, 18,650 square miles are rated "light", 4200 "moderate", 420 "severe", and 820 "very severe".

In the northern part the infested area is bounded by a line joining Provost, Stettler, Olds, Strathmore, Empress, and Schuler. A "very severe" area lies between Craigmyle and Rosebud in the Drumheller region. There is a small "severe" area south of Three Hills and another between Strathmore and Irricana. A "moderate" area runs from Three Hills to Bassano and another is centered on Coronation. The rest of the area is "light".

The predominant species in all these regions will be the clear-winged grasshopper, which usually lays its eggs in sod along field edes, in pastures and grazing land. In the Drumheller region populations were so heavy last year that large numbers of eggs were also deposited in stubble fields. These will be additional sources of infestation this spring.

In addition, there may be small infestations of the clear-winged grasshopper that will rate "severe" anywhere within the forecast area or even outside of it. These may arise either in the spring from isolated concentrations of eggs or later in the summer as a result of migrations.

In the southern part of the area the situation is not as severe as would have been expected from the number of grasshoppers present early last summer. There was a striking decrease in this population during the last two weeks of August and the evidence indicates that this was caused by flesh flies attacking the 'hoppers. Consequently fewer eggs were laid than anticipated earlier. The infested area extends from the Bow River between Carseland and Bassano south through Nanton and Lomond to Cowley and Cardston and eastward through Lethbridge to Foremost and Bow Island. This is mostly "light" with a band of "moderate" from Bassano through Milo to Stavely and another from Fort Macleod to Cowley.

The migratory grasshopper was the one mainly affected by the decrease and should be of lesser importance this year. The infestation through the south will tend to be patchy because there are small areas where parasitism by flesh flies was less effective and there are other small areas where the clear-winged grasshopper was numerous. Therefore, a careful watch should be maintained at hatching time for locally severe areas.

It must be remembered, as always, that this forecast is based on so-called "average' conditions, and the influence of spring weather in particlular can cause the severity of the infestation to vary on either side of this average. Early warm and dry weather will increase it while a cool and damp spring will decrease it. Be safe by being vigilant and taking remedial action as soon as it becomes necessary.

California Trip For Milo District Newlyweds

THOMSON — PHILLIPS

The Milo United Church was the scene of a very pretty wedding on Dec. 2, when vows were solemnized between Sharon Ann Phillips and Robert Stewart Thomson.

The bride is the only daughter of Mrs. D. J. Lawrence Phillips, and the groom is the son of Mr. and Mrs. J. M. Thomson, all of Milo.

Rev. Peter Dawson officiated at the double-ring ceremony. Mrs. Leonard Northcott presided at the organ. Mrs. Wray McCallum, soloist, rendered the beautiful "Wedding Prayer" before the ceremony. During the signing of the register she sang "O Perfect Love".

The bride, given in marriage by her eldest brother Murray, chose a traditional floor-length gown of white peau-de-soie satin. The bodice front was etched with dainty embroidery dotted with iridescent sequins and beaded pearls. The skirt, tucked from a midriff bow front, flared open to reveal a matching inlay of embroidery. A dainty crown of seed pearls and tear-drop crystal topped her chapel-length veil of silk mist illusion, and she carried a bouquet of talismen roses entwined in white satin and lace and sprigs of heather (ordered from Scotland for the occasion by the groom's mother).

Attending the bride was Miss Janice Bertrand, maid of honor, and Norien Nelson and Helen Auestad, bridesmaids. They wore identical street-length gowns of gold peau-de-soie, with matching headpieces. They carried nosegays of tinted blue carnations.

The little flower-girls, Elaine Clarke and Muriel-Jean Black, wore dainty frocks annd headpieces of blue crystal-charm, and carried baskets of tinted blue carnations, and yellow rosebuds. The bridal procession was led by the small ring-bearer,Ross Clarke.

Best man was Ian Thomson, brother of the groom, and guests were ushered in by Darwin Phillips, brother of the bride, and Jay Bartsch.

The bride's mother chose a brown dress of metallic Swiss brocade, with beige accessories and a corsage of yellow roses. Mother of the groom wore a deep blue dress of metallic brocade, complimented by beige accessories and corsage of yellow roses.

Following the ceremony, a reception for approximately 150 guests was held in the I. O. O. F. Hall. The bride's table was centred by a beautiful 3-tiered wedding cake, accented by white and gold tapers on either side. The table was further enhanced by bouquets of gold and white mums.

Mr. Bob Umscheid, Master of ceremonies, called upon Tom Clarke to propose the toast to the bride. The groom ably responded. Mrs. McCallum sang "Always", acompanied by Mrs. Northcott at the piano.

The toast to the bridesmaids was given by Darwin Phillips. Other speakers included The Rev. Peter Dawson, Charles Carson, Alan Phillips and Wally Phillips, and Ed Kingsmith. The guest book was attended by Mrs. Sheila Peterson.

A dance followed the reception, and a presentation on behalf of the assembled guests was given to the newlyweds by the Master of Ceremonies.

For their honeymoon trip to California the bride chose a brown 3-piece suit with matching accessories. She wore a corsage of yellow roses.

Upon their return, Mr. and Mrs. Thomson will make their home at Jasper, Alberta.

Vulcan Couple Exchange Vows

ERICKSEN — COOMBES

Midst baskets of pink carnations and white spray mums, a lovely afternoon wedding ceremony was solemnized recently in the Vulcan United Church, when Miss Barbara Ann Coombes, daughter of Mr. and Mrs. Leslie Coombes exchanged marriage vows with Mr. Brian Michael Ericksen, son of Mr. and Mrs. Earl Ericksen. Rev. Donald Sharpe performed the double ring ceremony. Miss Margaret Ann Jamison was organist.

The bride, given in marriage by her father, wore a white floor length gown of pannelled chantilly lace over net and satin, fashioned with a bouffant skirt with appliques of lace and pastel sequins, featuring a fitted bodice and lily point sleeves. The neckline was enhanced by a pearl and gold teardrop necklace, a gift of the groom. Her illusion net chapel veil, misted from a pearl and sequin tiara. The bride carried a white Bible masked with streamers of sweetheart roses.

Attending the bride as bridesmaid was her sister Miss Lynda Coombes, wearing a street length dress of magenta peau-de-soie, featuring a full skirt with matching shoes and head band. She carried a cascading bouquet of white mums.

Attending the groom as best man was his brother, Wayne Ericksen. The ushers were Kenneth Orchard and Donald Houlton.

Ring bearers for the occasion were twin nephews of the bride, Timmy and Tommy Coombes of Taber.

For her daughter's wedding the bride's mother chose a pink wool dress with brown accessories and a butterfly orchid corsage, while the groom's mother wore a brown wool dress with brown accessories complimented with a yellow rose bud corsage.

During the signing of the register, Mrs. Mary Jane Hiltz sang "The Wedding Prayer".

Pink and white streamers, wedding bells and vari-colored flowers were arranged in decoration for the reception, held in the Vulcan Cafe. The bride's table was centered with a three-tiered wedding cake, surrounded by net petals and pink roses. Acting as master of ceremonies was Bill Richardson, while Harris Matlock proposed the toast to the bride, with the groom ably responding. In charge of the guest book was Miss Louise Graham of Edmonton while Miss Jerie Boutland and Miss Kathleen Knive presided at the gift table.

For a honeymoon trip to Banff, the bride changed to a pink wool suit with a mink collar trim, brown accessories and a white carnation corsage. Mr. and Mrs. Ericksen will make their home in Vulcan.

Every Canadian has a direct interest in the woodlands.

Mrs. Rose Vaughn of Ojai, California, is convalesing at the home of her brother Guy T. Dow.

FELECITY CLUB

The Felecity Club met at the home of Mrs. Irene Smith on Jan. 3, with 14 members present and one visitor Mrs. Alex McMillan.

A discussion of the Christmas party was held, and it was decided to havee more turkeys next year. It was also decided to have a February gift exchange for Valentines. Each person is to bring a home-made article either sewing or cooking or home-made candy, and the exchange of these articles will serve as roll call. The next meeting will be at the home of Mrs. Barbara Groves on Feb.7. Hostess will supply the raffle.

Roll call for this meeting Jan.3, was "How to be a better neighbor". Mrs. Fay Smith mentioned being a better neighbor to women across the seas, such as having pen pals etc. The entertainment consisted of two very interesting games, and an exchange of Christmas gifts under a beautifully decorated Christmas tree. The lovely afternoon closer with a very delicious lunch, served by the hostess, assited by Mrs. Dick Davis.

HOME & SCHOOL ASSOCIATION

The regular home and school meeting was held as usual with the minutes read, finance report given. A vote of thanks was extended to Mrs. Bjornson for the capable handling of the Christmas treats.

Everyone is cordially invited to attend the Home and School Instute on Feb. 24, as the panel will discuss items of interest to rural areas. In order that the association be well informed beforehand on these subjects the Farm Forum in co-operation with Home and School will present on the CBC network Feb. 5, 8:00 p.m. the topic, "Technical and Vcational Training". Various groups n the district will be organized to heed the program, then have a debate. A summary of the opinions will then be recorded and sent in. In view of these meetings the executivee will be cancelled.

An informative discussion on the school buses by parents and drivers followed, with recommendations that numbers be placed on the vans in order that smaller children will recognize their individual van, also that the home and school write to the Highway Traffic board if they would consider raising the speed limit of 40 miles per hour to 50 on hard surface roads. The complaints of bus drivers were that children did not inform them at the earliest possibility that they would not be going home on the van, also of children that go to school without overshoes and merely the breaking of the fan belt would result in no heat, consequently frozen feet. The principal stated that if all boots and rubbers could be marked it would be of great help.

Everyone attending felt the association had accomplished a considerable amount in presenting these diffuclties in order that parents and bus drivers will co-operate.

William Chambers, youngest son of Mr. and Mrs. J. W. Chambers is now stationed at St. Jean, P.Q., where he is taking his basic training in the RCAF.

Best wishes for a speedy recovery are extended to Mrs. Thomas Teasdale from her many friends in Lomond and district. Mrs. Teasdale is a patient in the Vulcan Hospital, having had the misfortune to fall down stairs. She was badly bruised and shaken but luckily suffered no broken bones ,and is expected home next week.

A number of ladies gathered at the home of Mrs. Lillian Hostetler last Thursday evening to give her a little house-warming party. The ladies had prepared a nice lunch and a very pleasant evening was spent playing canasta. Winning the prize for high score was Lillian Hostetler with low prize going to Mrs. Anne Ruppert.

HOME & SCHOOL ASSOCIATION

The January meeting was opened with the repeating of the creed. Mrs. Edna Magnuson, president, was in the chair.

Old business consisted of a "thank-you" to all who helped with the Variety Night by Mrs. Magnuson. Appreciation was expressed to Mr. Weins and to Mr. Maiers for putting up the pictures in the lobby. A donation of $100 was presented to the Library fund. The social convener, Mrs. Mildred Honess, reported that 100 spoons and 144 mugs were purchased at the cost of $50 for the school.

The Vulcan County Council is to meet Jan. 11, in Vulcan. The next Home and School meeting is to be held Monday evening, Feb. 5, beginning at 7:30 p.m. The program will be the radio address on "Farm Forum," which will deal with Technical and Vocational Training Schools.

Lunch and a social period followed the meeting.

Former Champion Teacher Now Dr. of Philosophy

A former Champion resident, Geraldine Farmer, daughter of the late Mr. and Mrs. D. D. Farmer, graduated on Dec. 14, 1961 from the University of Minnesota with the degree of Dr. of Philosophy.

Dr. Farmer received her high school training in Champion and then went on to Normal School. She later taught in Champion, Carmangay and Taber. She received her B. Ed. at the University of Alberta and later her Master of Arts at the University of Minnesota. For her Dr's. degree Dr. Farmer majored in Education and minored in Educational Psychology.

Dr. Farmer is presently on the staff of the University of Alberta teaching Business Education in the Faculty of Education.

Large Crowd Hears Dr. Thompson At Nanton Social Credit Banquet

Approximately 350 people, including several car loads from Vulcan, attended a banquet sponsored by the Macleod Federal Social Credit Association which was held in the Nanton Community Center on Friday, Jan. 19. Dr. Bob Thompson, National Leader of the party; Ernie Patterson, Social Credit Candidate in the Macleod Riding and Rev. E. G. Hansell, MLA, addressed the meeting which was one of the largest Social Credit meetings in the Macleod Federal Riding since 1935.

Dr. Thompson told the meeting that Social Credit Party had already nominated 57 candidates and intended to run a candidate in all of the 265 federal ridings. Because of the growing interest in Social Credit across Canada Dr. Thompson stated, "It is a reality, not just a possibility that the Social Credit party will form the next federal government of Canada."

Dr. Thompson stressed the fact thtat Canada is not only involved in a cold war with the countries behind the "bamboo and iron curtains," but Canada is also involved in an economic war with these same countries. Over 40 per cent of the dollar goes to governments in the form of taxes and when this reaches 50 per cent, which it will do shortly under our present economic system. Canada, in effect will have socialism. He stated, Social Credit would avoid this by bringing about basic financial reform.

The National Leader expressed his belief that no farmer really wanted government aid, but that every farmer would be far happier if he could sell his products for a fair and reasonable price. "Social Credit would do this by implementing a system of parity prices.

Ernie Patterson, Social Credit Candidate in the Macleod Federal Riding stated that "those who said 'Social Credit was dead in 1958' should be at this meeting tonight. He expressed his belief that the Social Credit government of Alberta should have Social Credit members of parliament to give it representation in Ottawa.

Mr. Patterson stated that the people of the province believed they had good government and indicated this by returning 61 Social Credit MLA's out of 65. Alberta has the lowest rate of unemployment in Canada and this fact was not just an accident, but it came about because of good government, said Mr. Patterson.

The local candidate also pointed out that it was the present Federal government that held up the export of natural gas from 1957 until 1960 because they believed that gas reserves were not large enough. Since they have finally consented to the export of gas the known reserves have more than doubled and with this export new industry has come to this constituency in the form of Sulphur plants in Okotoks, Pincher Creek and in the Crowsnest area. How much sooner would this new industry have been established if there had been Social Credit members of Parliament to represent the Alberta Government's case instead of members who were against the export of gas?, asked Mr. Patterson.
